

The 30 Year Incumbent

- Is driving a massive railroad and trucking hub that will wipe out 2 towns and a school district!
- He supports an expensive, unnecessary, 6 lane high speed bridge, over Lake Lavon!
- He lobbied in Austin for new transportation taxes, which would not be used for roads!
- He voted for a 17% pay increase for himself!
- Does this 30 year incumbent need to retire as soon as possible? YES!

The Mystery Woman

- Just recently moved into Collin County
- Has never been an active member of the Collin County Republican Party
- Intends to keep her present job while drawing her salary as a Commissioner
- Do we really know what she stands for? NO!
- Is she truly a conservative candidate? NO!
- Will she be right for Collin County? NO!
